Senior Class History

In the year 2000, we arrived at Weaver expecting something...but not knowing quite what that would be. Most of us were happy because it was a new start, a new change and a new adventure. We were ready to begin back then and now it seems we are ready for the end.

The four years we have spent at Weaver have each been different. We have learned new things, grown up and outgrown stages of our lives, and experienced a little taste of what the real world has to offer. Along the way there were obstacles to face and as we continue our journey more will arise. Regardless of the what the test, trial, or situation was, we survived and will continue to do so. We the class of 2004 have come out on top. Our president made it clear "We wutz up, cuz I said we wutz up and datz wutz up!"

When we first came to Weaver we were lost because we couldn't find our classes, confused because every hallway looked the same, and nervous because we had no idea what to expect from our teachers or what they expected from us.

We have a come a long way since then. We have made ourselves, our parents and all those close to us proud of our accomplishments. Graduation may be the end of Weaver, but it is also a beginning. We must keep progressing on to bigger and better things. We must meet the future head on, as we have met the past!

A Huge Thanks to the *AMAZING*

Remember
when
Mr. Sullivan

Mr.

...and our favorite
song was
“Danger” by

Remember
the first time
we heard Mr.

with us
through his
“Words of

Seniors as Sophomores...

Remember when we
got to hear Sista

our Black History

...and
Ms. Oneil

through a window...

Everyone
was singing
"Foolish"

The hottest song of the summer we were singing was Nelly's "Hot in Herre"!

Dragon boat races!

Weaver's fearless team of staff and students, led by John Hayes, blew the competition away at the dragon boat races. They came in first in their division and had a great time doing so. The students got to work side by side with their teachers to pull out a very sweet victory. Even the Hartford Courant loved the Weaver Dream Team and put this picture in their paper for all to see!

John Artis was arrested with Rubin "Hurricane" Carter in 1966 and convicted of a triple murder he did not commit. Despite a promising track career in front of him and no legal record Artis spent fifteen years in prison.

Despite several chances to gain his freedom, he refused to turn his back on his friend and served his full sentence. On December 22, 1981, he was paroled an honest man. Artis became passionate for helping the youth of today. He came to share his story with us and show us that education leads to success. He also demonstrated that you can achieve anything and overcome any obstacle with the right mindset.
